

Pre-International Baccalaureate & Pre-Boarding Packages

If you are under the age of 17 and would like to enrol in an International Baccalaureate programme or boarding school in the United Kingdom, but your English level does not meet the standards required, CIE can help.

You will attend group English language lessons in the mornings, and in the afternoons, you will have lessons in Science and Maths to help you improve your English for academic purposes (EAP). Optionally, you may instead study any specific subject linked to your future International Baccalaureate, GCSE, or Advanced Level (A-level) courses with a private tutor, one-to-one.*

If you have not yet selected an International Baccalaureate course or boarding school in the UK, your personal tutor will help you research the various options and choose the programme and school that is best for you. Our principal, John Hudson, has many years of experience in English education, having been deputy head of a large comprehensive school in Oxford for 30 years as well as an A-level teacher at Wycombe Abbey School, one of the top boarding schools in the UK. Our staff will help ensure that you find a place in a school that meets your individual needs and expectations.

We will also help you prepare for any examinations required by the school(s) that you choose. We have a proven record of success in helping students prepare to study for the IB diploma or to attend other UK boarding programmes, having sent students on to schools such as the Magdalen College school in Oxford, St Clare's in Oxford, and Roedean in Brighton.

Success Story

Tamara: Pre-Boarding to Roedean School

After completing CIE's pre-boarding course, Tamara went on to enrol at Roedean School in Brighton. We caught up with her in the summer, just before her summer break.

Tamara is happy to report that she is enjoying her time at Roedean very much. Her favourite class at the moment is Psychology. Taking advantage of the cosmopolitan atmosphere at the school, she has made new friends from many different countries, such as Ukraine, Hong Kong, and Indonesia... and of course, the United Kingdom!

Of course, she also manages to keep in touch with friends from home via Internet tools such as email and Facebook. She also returns to Russia for every holiday break to see her family and friends.

Although she loves being at Roedean, Tamara says she will always remember her favourite teachers at CIE, such as Elisabeth, Kerri, Ellen, Clare, and a lot of others— adding that the class sizes were "usually just right."

"I love Oxford and the CIE staff," she said. "I met a lot of interesting people and new friends."
